ABOUT BAHNO

BAHNO, the only truly multidisciplinary conference for professionals involved in the study and treatment of head and neck cancer.

www.bahno.org.uk
www.bahnomeeting.com

The association was first constituted in 1967 as the Association of Head and Neck Oncologists of Great Britain. The stimulus for its formation was the need to encourage discussion and the sharing of knowledge between the various clinical and research specialties involved in the management of head and neck cancer.

In 1995 our name was changed to the British Association of Head and Neck Oncologists (BAHNO). Although we have strong links with the relevant individual medical and paramedical specialty associations, we are the only multidisciplinary professional group which can speak for the interests of head and neck cancer clinicians and patients in the UK. We pursue our aims chiefly by holding regular scientific meetings and have produced important publications relating to the organisation of head and neck cancer services in the United Kingdom.

With over **500 members**, membership of BAHNO is open to all specialists with a major interest in head and neck oncology.

BAHNO PRESIDENT
Prof Chris Nutting
Consultant Otologist
The Royal Marsden Hospital, London

HONORARY CONFERENCE SECRETARY
Mr Stuart Winter
Consultant Ear Nose and Throat (ENT) Surgeon
Oxford University Hospitals NHS Trust

THE CONFERENCE

We are pleased to confirm that #BAHNO2026 will take place on Friday 15th May at [The Business Design Centre](#), London. In 2025 we welcomed our largest audience and BAHNO have therefore taken the decision to stay at The Business Design Centre.

The theme of the 2026 conference is **Innovations in Head and Neck Oncology**.

- An update on the use of peri-operative **immunotherapy in Head and Neck Cancer**
 - The **Blair Hesketh Lecture**
- **Multi-disciplinary session** for nursing and allied health professionals in head and neck cancer, including management of the catastrophic bleed, tracheostomy weaning and re-feeding syndrome
- An interactive **panel discussion** with the Liverpool MDT discussing real-world challenging cases
- A dedicated session focusing on **career development**, covering interviews, consultant jobs, shared decision making and consent – not to be missed for trainees!
 - The **BAHNO Debate!**
- An update on the **management of thyroid cancer**, including the use of AI, trans-oral approaches and an update on non-surgical treatments
- The best presentations from research in the UK in our **Free Papers and Poster** sessions, with increased exposure for top scoring poster presentations with our new format
 - Updates on **contemporary trials**, including TORPEDO
 - Meet exhibitors and get the most up-to-date information on new products and **innovative technology**.
- Join us at the end of the conference for our **networking event** to connect with colleagues and meet new collaborators.

The International Centre for Recurrent Head & Neck Cancer

Delivered by The Royal Marsden

IReC consensus statements on the management of patients with recurrent head and neck cancer treated by planned salvage surgical procedures

This year there will also be the opportunity to sponsor the International Centre for Recurrent Head & Neck Cancer (IReC) course which takes place at the Business Design Centre on Thursday 14th May 2026, the day before the BAHNO course.

IReC is the world's first centre for recurrent head and neck cancers. With the ambitious aim to create a centre of international excellence and set international standards in the curative treatment of recurrent head and neck cancers. More information regarding the course can be found [here](#)

If you are interested in supporting the course in addition to your BAHNO 2026 sponsorship then please contact Robert Godley-Harrod at Robert.godley-harrod@aesculap-academy.com
